PROFILE

Experienced web developer with expertise in front-end development. Skilled in HTML, CSS, JavaScript, and PHP, as well as web-base platforms like Git and GitHub. Collaborative approach to delivering custom solutions that align with clients' business goals. Committed to staying up to date with the latest trends and technologies in web development to deliver high-quality work.

SKILLS

- Html
- CSS
- JavaScript
- Git
- GitHub
- PHP
- Time management
- Communication skills
- Teamwork
- Analytical skills
- Adaptability

EXPERIENCE

WEB DEVELOPER

App Project

Aug - 2021

I developed a responsive and user-friendly To-do application using a combination of Html, CSS, and JavaScript. The application features a clean and intuitive interface, making it easy for users to create, manage and prioritize their tasks. In addition, I utilized the latest web development technologies, such as local storage, to ensure that user data is saved securely and can be easily accessed across devices. Through this project, I gained valuable experience in developing front-end applications and improving user experience.

WEB DEVELOPER

Cuisine Restaurant

Dec 2021 - May 2022

As the lead developer, I developed and maintained an e-commerce website for a local restaurant. Using my expertise in web technologies such as HTML, CSS, and JavaScript, I was able to create a user-friendly interface that allowed customers to browse and order from the restaurant's menu easily. I also implemented secure payment processing and worked closely with the restaurant's staff to ensure that the website met their specific needs. I ensured that the website remained functional and up-to-date with the latest web standards.

EDUCATION

OBAFEMI AWOLOWO UNIVERSITY

Bsc Biochemistry

2021 - Present

SOUTHWEST RESOURCE CENTER

Web development

2010 - 2013
